

The background features a series of nested, red, L-shaped geometric forms that create a sense of depth and perspective, resembling a stylized architectural structure or a series of steps. The shapes are composed of thick red lines and fill, set against a white background.

# **Student license agreement**

## 1. PARTIES

Supplier:

Finland: MagiCAD Group Oy, business ID 2076519-0, address Aurakatu 8, 20100 Turku, Finland

Sweden: MagiCAD Group AB, business ID 556281-8970, address Götgatan 10, 411 05 Göteborg, Sweden

The Student will provide their details by completing the form.

## 2. OBJECT OF THE AGREEMENT

The object of the agreement is MagiCAD Educational Suite, Stand Alone license, 12 mo. (Software) and the manuals. The manuals are available in English and can be found from the Software installation package.

The agreement is made for a fixed period (subscription period), which ends annually on 31<sup>st</sup> of August. During the subscription period the Student receives all new releases and update releases published by the Supplier within that time.

Students may be required to proof their enrolments to educational institutions. In case if Student's status changes, the Student must cease using the Software and return the activation to the Supplier's activation server and notify the Supplier.

## 3. LICENSE GRANT

The Software is intended to use by Student solely for educational purposes. Any use of the Software for commercial purpose or personal benefit, including for the benefit of a third party is absolutely forbidden, with the exception of research study (thesis or dissertation). The Software may not be acquired nor used on behalf of a legal entity (company or association).

The Student undertakes not to sell, lease, lend or otherwise assign the Software, or related rights to a third party.

The license allows the Software to be installed to one or more workstations. Each stand-alone license entitles simultaneously one person to use the Software after its activation on the workstation. A change of workstation requires that the license key is returned from the workstation to the license activation server and then re-activated on another workstation. The Supplier may limit the number of re-activations during the given period of time in order to prevent the misuse of software products.

Copying The Software and its auxiliary materials using any technical method without the written permission of the Supplier is strictly forbidden.

Additionally, access to the MagiCAD product information databases available via the Internet will be provided to the Student free of charge. The use of the databases otherwise than through the Software or other Supplier's services is forbidden. The Supplier shall have the right to give separate instructions and rules concerning the use of the databases.

The Student has the right to make the necessary backups of the Software only for the purpose of retaining the Software.

Should the Student infringe the license terms, the Supplier has the right to demand compensation for the breach of agreement from the Student at the amount of the total commercial price of the Software times three.

#### **4. DELIVERY TERMS AND TIME**

The Software will be delivered by e-mail within 7 days of receipt of this agreement unless otherwise agreed.

#### **5. TRAINING**

This agreement does not include training on the use of the Software or any other training. Any such training is subject to separate agreement.

#### **6. SUPPORT**

The student licence does not include the Supplier's technical support.

#### **7. LIMITATION OF LIABILITY**

The Supplier is liable for the direct and proven damage incurred by the Student from the use of The Software or the related maintenance service, consultation or training to a maximum amount of 1 (one) euro.

The Supplier is not liable for any damage caused by The Software or its maintenance to its operating environment or other devices. The Supplier is not liable for indirect damage or other damage that is difficult to anticipate.

The Supplier is not liable for any operating errors of The Software caused by the changes or redesign by the Student or a third party to the Student's operating environment or the resultant direct or indirect damage.

#### **8. APPLICABLE LAW AND DISPUTES**

This agreement will be governed by the substantive laws of Suppliers' domicile, with the exception of its conflict of law principles.

Any and all disputes, which the parties fail to settle amicably, arising out of or relating to this agreement, shall be submitted to the district court of Supplier's domicile.

## **9. OPERATING ENVIRONMENT**

The Student is responsible for installing the Software (including possible update releases) and setting up the operating environment of the Software in accordance with the requirements. The latest requirements for the operating environment can be found on [MagiCAD Download Portal](#).

## **10. PERSONAL DATA PROCESSING**

The Supplier is committed to protecting the Student's privacy. Supplier's [privacy policy](#) sets forth (i) how the Supplier collects, uses, stores and processes personal information of or relating to the Student, and (ii) how deletion of the personal information may be requested. By accepting this agreement, the Students acknowledge that they have read and understand the privacy policy.

## **11. ENTRY INTO FORCE**

This agreement will enter into force in full upon the Student accepting the terms of agreement in connection with filling the form.
